Mr. Conrad Simon
Regional PCB Site Approval Coordinator
U.S. Environmental Protection Agency
Region II
26 Federal Plaza
New York, New York 10007

Dear Mr. Simon:

Subsequent to submitting our application to burn PCBs at Kodak Park, we have been evaluating the economics of burning PCBs in-house. We now wish to withdraw our application to burn PCBs at our Kodak Park chemical incinerator because we believe that it will be economically advantageous to us to dispose of the small amounts of PCBs we have via commercial contract disposal services. We believe that these people will have permits in the near future.

We appreciate your assistance to us in preparing the application, and we appreciate your internal review of our application. We do, however, request that you return this application to us.

Very truly yours,

A handwritten signature in cursive script that reads 'Ernest K. Tanzer'.

Ernest K. Tanzer, P.E.
Supervisor
Office of Environmental Conservation
Engineering Division, Building 23
